1000 LIVES LOST IN  
CHILEAN EARTHQUAKE

Many Thousands Left Hungry and Homeless By Tremblor and Tidal Waves.

Santiago, Chile.—With re-establishment of communications, Chile's earthquake catastrophe Saturday has been revealed in even greater magnitude than first reports indicated.

It is estimated that at least 1000 were killed and many thousands left in distress, needing food and shelter.

In addition to heavy casualties of dead and injured at Copiapo and Coquimbo, it was reported that 500 were killed at Vallenar and the surrounding district.

It was earthquake and tidal wave combined that accounted for the vast destruction in the provinces of Antofagasta, Atacama and Coquimbo. The movement of the ocean was described as phenomenal. It gave evidence of a terrific disturbance in the bed of the Pacific itself. There must have been such a tearing at the bottom of the sea that immense quantities of water menous recession of the waters along were sucked through, causing a treacherous Chilean coast.

Several times the ocean swept outward and came back in the shape of a great wave, flooding the seaports and in some instances sweeping away the water front. The violent effects of the tidal waves were felt from Antofagasta on the north to Valdivia on the south, covering about 16 degrees of latitude, or more than 1200 miles.

FEDERATION URGES  
STRONG ARMY, NAVY

New York. — Maintenance of a strong army and navy is the only means of assuring the safety of the United States under present troubled world conditions, was urged in resolutions adopted at the closing session of the National Civic federation conference of international affairs.

The resolution dealing with the army commended the present national defense act, but urged that the standing army be increased to 150,000 enlisted men and 13,000 officers as advocated by Secretary of War Weeks.

The navy, said another resolution, should be maintained in every way on a basis of equality with that of Great Britain and five-thirds the strength of that of Japan.

The conference also advocated adoption of a consistent American policy in international relations, divorced from partisan politics and bringing to bear upon the other nations the influence of agreement for justice and peace.

## EXPECT FIGHT IN CONGRESS

Both Wets and Drys Claim They Can Control Situation.

Washington, D. C.—The political complexion of the next congress having been definitely established, interest turned on the probable line-up on the question of modification of the prohibition enforcement laws. Both the "drys" and "wets" were claiming a victory as the result of the elections. For the anti-saloon league Wayne B. Wheeler, general counsel, said the "wets" would not have as many votes by three at least in the senate as heretofore, and that their strength in the house would not exceed 140, or 78 less than a majority.

On the other hand, the Association Against the Prohibition amendment, through G. C. Hinkley, its general secretary, claimed a gain of 80 "liberal" votes in the house, which, it was asserted, would give actual control of that body to the modificationists.

## 5 Women Legislators in Washington.

Seattle, Wash.—The house of the Washington legislature will contain four women, according to election returns. They are Mrs. Maude Sweetman of this city, republican; Mrs. Jessie B. Kastner, Tacoma, farmer-labor; Mrs. Belle Reeves, Wenatchee, democrat, and Mrs. H. J. Miller, Everett, republican. With Miss Reba Hurn, Spokane, the first woman in the senate, they will make five in the legislature.

## Per Capita Wealth Increases.

Washington, D. C. — Individual wealth throughout the nation increased 40 cents in October, according to a statement issued by the treasury. On November 1 the per capita circulation of money was \$41.44, compared with \$41.04 on October 1.

## Government Urges Eating of Meats.

Washington, D. C.—The government has decided to come to the aid of the livestock industry and do what it can to stimulate the use of meat. A decrease of more than 25 pounds to a person in the amount of meat eaten a year in the United States was shown by latest statistics.

REPUBLICANS HOLD  
LEAD IN CONGRESS

Majority of Ten in Senate and Fifteen in House Is Indicated.

Washington, D. C.—On the face of the election returns, the exact lineup by parties in the sixty-eighth congress will be:

House—Republicans 225, democrats 207, socialists 1, independent 1, farmer-labor 1.

Senate—Republicans 53, democrats 42, farmer-labor 1.

In the present senate the republicans have sixty members and the democrats thirty-six, a republican majority of twenty-four.

In the house the republicans, on the basis of unofficial returns, will have a majority of fifteen over the combined strength which could be mustered against them by the democrats and others and a plurality of eighteen over the democrats as a party unit. In the present house the republicans have a majority of 165 over all and a plurality of 168 over the democrats.

Besides these changes, all of which become effective after the sixty-seventh congress expires on March 4 next, will be some immediate shifts in the totals. There were eight vacancies in the present house due to deaths and resignations, and unofficial returns show that of these the republicans captured six. Filling of vacancies will make the house lineup at the start of the forthcoming special sessions 302 republicans, 132 democrats and 1 socialist.

RAILROADS DENIED  
REDUCTION IN RATES

Washington, D. C.—Transcontinental railroads were denied authority by the interstate commerce commission to reduce rates on traffic originating east of the Rocky mountains, or destined therefor, to or from Pacific coast terminals for the purpose of meeting water competition. The commission held that the amended fourth section of the commerce act made it mandatory on the commission to deny any tariff changes which did not assure reasonably compensatory rates to the carriers.

The railroads, the commission said, had failed to prove that the rates proposed to compete with the ocean carriers would be reasonably compensatory. The commission also saw in the proposed rate change a violation of section 3 of the commerce act, which provides that there must be no discrimination between shippers. The effect of the decision is to leave the present rates to and from the Pacific coast unchanged.

## 161 GOLD STAR WOMEN

American Honor List Compiled by Overseas Service League.

Chicago—One hundred and sixty-one names of "gold star women"—American girls who gave their lives in the world war—were found on the list made public by the Women's Overseas Service league, compiled as a feature of Armistice day. Most of them rest in French soil, some in England and some in far-off Siberia, Armenia, China and Manila.

Among the names are: Ima L. Ledford, Hillsboro, Or.; Tilda A. Therkelsen, Mrs. Jessie Chisholm and Alice Stevens Duake, Seattle, Wash.; Genevra Robinson, Nampa, Idaho; Norene Mary Royer, Winchester, Idaho.

## Wilson, in Speech, Cheered by 3000.

Washington, D. C. — The United States has remained content with a mere armistice in the late war and has not moved forward in a course toward world peace, Woodrow Wilson told a gathering of 3000 enthusiastic persons in front of his home on S street here. The crowd cheered wildly during the speech, and several times Mr. Wilson was forced to stop and acknowledge the cheers.

## Dill Will Be Youngest Senator.

Seattle, Wash. — Clarence C. Dill, democrat of Spokane, whose election to the United States senate is indicated by returns, will be the youngest member when he takes his seat March 4. Mr. Dill, who is 38 years old, is a bachelor. Besides Ernest Lister, former governor, he is the only democrat to win in a statewide contest in Washington since the populist wave.

## Turks Warned in Curt Note.

Constantinople. — The allied high commissioners handed a note to the Angora government representative here demanding the repeal of all measures relating to the customs, the public debt and the sanitary and other services which conflict with the capitulations and stipulations of the Mudros armistice agreement of 1918.

Why not let this newspaper save you labor?

Labor-saving devices are the modern methods.

They spell efficiency.

Why stay in the old rut?

This is what you have been doing for years—wasting your time and energy in sending out separate notices of meetings regarding your lodge to each member. This means that you have to address from 50 to 100 postal cards or envelopes in addition to preparing the notices for mailing out.

Why not put your notice in an advertisement under "Lodge Notices" in this paper? You could do it for \$1.25 and save all that labor.

It's the modern way. It's the way most lodges are doing in the up-to-date communities.

What would be more interesting in this paper than a column or two of such notices? Your members would look for this feature in every issue. And then, think of the labor it would save you.

Just write out one notice and bring it to us. That's all. Simple, isn't it? You bet. Try it and you won't do it any other way.

We are here to serve you and ready to make suggestions.
